**OUR BUSINESS...** provides interior and architectural design for discerning private client residences. We work in both contemporary and classical styles, offering clients a bespoke creative solution, tailored specifically to their individual requirements. Quite simply, we create exceptionally designed spaces and beautiful interiors.

**BICKNELL INTERIORS ...** was established in 2003. Having been

involved with property for over 25 years, we wanted to offer a turnkey solution both in terms of architectural and interior design and all of the associated services and skills, from conception to competition.

**OUR RESEARCH SHOWED...** that there were very few companies offering such a broad range of skills and services to the private client residential marketplace that Bicknell Interiors offer. We have developed these skills and found that an ever-increasing number of clients wished to work with us, as they found dealing with individual businesses both time consuming and frustrating and, altogether, rather disjointed.

**BICKNELL INTERIORS' STUDIO...** is in Walton-on-the-Hill, Surrey, a charming village with local

shops and restaurants, in close proximity to our client base in south-west London and Surrey. We have a dedicated team of highly-skilled designers and craftsmen.

**OUR TOP TIPS...** Always work with a company that understands your particular style. Work with a company you can trust, and that has the same aspirations as you do.

**YOUR HOME IS...** probably one of your most important assets. At Bicknell Interiors, we care about property.

**WHAT MAKES US STAND OUT FROM THE CROWD ...** Our dedication to ensure a project is always a success, and a desire to always have satisfied clients. We pride ourselves on our creative work, and ideas that are of the highest order.
